

# Takeus2 Program for 2019

For various reasons it has been decided that we will **change the format** this year so that we begin at 6.45pm, with supper from about 7.45 - 8.15 and be on our way home by 9pm. We will ask that attendees donate a gold coin to cover costs. I will not be able to attend 3 or 4 sessions because we will be travelling (doing research), such is life!

You will also note that we will have a choice of destination in October and still have a gap in Nov (tba). I could still use a 'reserve' or two so please feel free to volunteer. I suggest that after 9 years, *Takeus2* has almost run its course and I will discuss its future with the attendees later in the year.
