

'Welcome to Worship at Seacliff'

Recently a few of us conducted a trial of virtual 'ZOOM' Worship at the usual time of 9.30 and learned quite a bit about how it all works. At its recent meeting, Church Council agreed to offer an invitation to all of our members, indeed to anyone interested, to become involved. We hope that everyone (max 100) will consider becoming involved in this way, it is not quite the 'real thing' but is much better than nothing and actually quite fun!

You will be able to log in on Sundays from about 9.15am (using the link below) but we found that the best way is to start viewing the video from the Church Website at 9.30am promptly, before clicking the link and joining 'the crowd' immediately afterwards for discussion of the 'Message' and then a virtual cuppa and chat for as long as you wish.

If you would like to be involved, these are the steps to follow:

1. You can use any digital Device but it will need a camera and microphone and a bigger screen will be better so you can see everyone.
2. Go to: <https://zoom.us/download> and follow the prompts to download 'ZOOM Client for Meetings'. I suggest you avoid the other 'third parties' who also offer it.
3. Make sure I have your email address please by sending a note to me at: treasurer@seacliffuc.org
4. I will then send you the link you will need to click on to join the 'meeting' or just click on the one below:

Topic: Seacliff Uniting Zoom Worship

<https://us02web.zoom.us/j/3577202589>

As you come into the site you will be invited to do speaker and microphone checks and I suggest you do so.

Please note it is a 'recurring' meeting so you can use the same link each week and may even get a reminder on your digital Calendar!

5. OR give me an email or a call (8296 7640 / 0418 895 560) and I will try to help.

Blessings, *David*
